

Eton Manor - Club Email Settings.

It is important that you can receive club emails so that we can update you on events, activities and news. But more important is the fact that there is a requirement for Team Coaches and Administrators to be able to contact you.

If you are currently not receiving club emails, this will be due to one of two reasons.

1. When you first registered on to the club's website you did not confirm your email address.
- Or
2. You've elected to not receive emails from the club.

It is possible to manage the types of emails received from the club, without blocking emails sent to you from Team Coaches and Administrators.

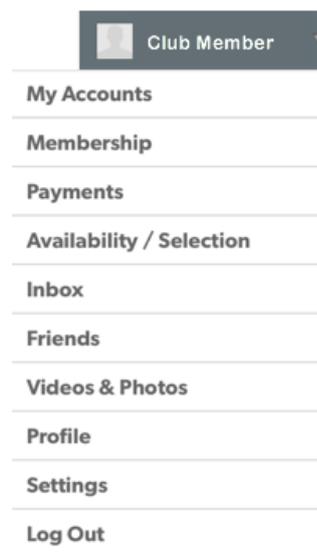

Please review your Email settings as follows:

1. Login to your Pitchero account.
2. Move the cursor over you name/picture in top right corner of the webpage.

A dropdown menu will appear.

3. Click on **Settings**.

My Details page will be displayed.

Click on **Emails**

A screenshot of a navigation bar with a light grey background. It contains several tabs: 'My Details', 'Password', 'Emails', 'SMS', 'Social', and 'Close Account'. The 'Emails' tab is highlighted with a darker grey background.

4. If you have not confirmed your email address, you will see the following on-screen notification. Click on Send Confirmation Email and follow onscreen instructions.

If this is not shown then go to next step (6.)

Your email address hasn't been confirmed yet. You won't be able to receive any emails from Pitchero or any Pitchero members until it is confirmed.
